

Amendment to the claims:

This listing of claims replaces all prior versions, and listings, of claims in this application:

What is claimed is:

Claim 1. (currently amended)

An emergency wallet size identification pouch comprising:

~~an~~ a paper envelope with information on ~~both the front and back~~ sides thereof including name, address, sex, photograph and fingerprints descriptively identifying a human;

a DNA source specimen of said human in said paper envelope, said paper envelope being sealed, and

a clear laminate sheath encasing said envelope ~~and said DNA source specimen~~, said sheath being a sealed enclosure.

Claim 2. (canceled)

Claim 3. (currently amended)

The emergency identification pouch of claim 2, wherein said DNA source specimen may be removed from said paper envelope upon said sheath being cut at a predetermined end thereof; ~~and~~.

Claim 4. (canceled)

Claim 5. (currently amended)

The emergency identification pouch of claim 1, wherein ~~said~~ information identifying said human is legibly imprinted in multiple languages on said envelope.

Claim 6. (original)

The emergency identification pouch of claim 1 wherein said DNA source specimen is hair of said human.

Claim 7. (original)

The emergency identification pouch of claim 1 wherein said DNA source specimen is saliva of said human.

Claim 8. (canceled)

Claim 9. (canceled)

Claim 10. (canceled)

Claim 11. (canceled)

Claim 12. (canceled)

Claim 13. (currently amended)

A method for making a wallet size emergency identification pouch comprising:

~~printing~~ placing information on a sealable paper envelope descriptive of an individual human including name address, sex, photograph and fingerprints of said human ;

placing a DNA source specimen of said human; in said envelope,

sealing said envelope,

encasing said sealed envelope in a clear laminate sheath and

sealing said sheath.

Claim 14. (canceled)

Claim 15. (original)

The method of claim 13 wherein said DNA source specimen is hair of said human.

Claim 16. (original)

The method of claim 13 wherein said DNA source specimen is saliva of said human.

Claim 17. (original)

The method of claim 13, further comprising providing a marking on said sheath along which said sheath may be cut to facilitate the extraction of said envelope from said ~~plastic~~ laminate sheath.

Claim 18. (currently amended)

The method of claim 13, further comprising printing ~~said~~ identification information on said envelope in multiple languages.

Claim 19. (canceled)

Claim 20. (canceled)

Claim 21. (new)

The emergency identification pouch of claim 1 wherein said clear laminate sheath has a marking along which it may be cut to permit extraction of said envelope from said sheath
